- Public Speaking

LANGUAGES

Hindi 

English 

PROFILE

Dedicated and highly motivated student seeking an internship opportunity to apply academic knowledge in a real-world setting. Eager to contribute skills in Linux, Flutter and Other Programming Languages like Python and gain practical experience to further professional development.

WORK EXPERIENCE

Linux Administrator

Avyukta Intellical January 2024 - July 2024

- During my previous internship, I specialized in the administration and configuration of Asterisk, an enterprise-grade open-source communication platform, implementing robust telephony solutions. I demonstrated proficiency in configuring and maintaining HTTPD web servers and Samba file sharing services, optimizing performance metrics and enhancing network resource accessibility. My responsibilities included system health monitoring, technical documentation development, and infrastructure problem resolution, while maintaining a focus on continuous learning in server administration.

PROJECTS

Studently -Flutter Developed App

- Studently is a streamlined app for college students, offering easy access to crucial information such as tuition fees, attendance records, and exam results. It simplifies tracking academic progress and managing college life in one convenient platform.

Speech to Text

- Web-based Speech-to-Text converter built in Python using Flask framework. The application converts spoken words into written text output, utilizing SpeechRecognition for audio processing and FFmpeg for media handling. Users can record speech through a simple interface and receive accurate text transcriptions as output.

EDUCATION

Bachelor Of Vocational Degree

Bharatiya Skill Development University

2022-2025

Pursuing B.voc in IT and Networking Holding a Good CGPA of 8.3
